ROYAL Baking Powder

The strongest, purest, most efficient and wholesome of leavening agents. Not lowest in price, yet the most economical; indispensable to all who appreciate the best and most healthful food.

Our country is enjoying prosperity almost unsurpassed in its history.

For every one there is money enough to buy that to eat which is pure, sound, good, wholesome.

Why should we use cheap, impure, unhealthful articles of food? There is no economy in them; they endanger the health, they may cost life. There are reported almost daily cases of sickness caused by eating cake, puddings or biscuit made with the cheap, alum baking powders.

In all articles for food buy and use only the best. The good health of the family is of first consideration.

Alum is used in many baking powders because it makes them cheap. It costs less than two cents a pound. Alum is a corrosive poison. Think of feeding it to children! Yet the manufacturers of well-known alum powders are actually denying that their goods contain it.

BLEW HOLE FOR INSURANCE.

Burned It to Death in Order That He Might Collect \$24. Mayville, Ky., Special, to Philadelphia Record.

William Gibson, who tortured to death his 3-year-old step-child, near Catlettsburg, by burning his body, face and head with a red-hot poker, today gave way under the strain and told to Jailer McIvaline the story of his crime.

He implicates his wife, and says that the child was murdered that they might collect \$24 insurance on the child's life.

He says that the method of burning the child's body was adopted for the purpose of giving it the appearance of having died from the small-pox and isolating the house, so as to prevent a full investigation.

Good Investments.

PEOPLE'S PARTY PLATFORM

Adopted by the National Convention, April 18th, 1900.

April 18th, 1900.

The People's Party Convention assembled in Raleigh, April 18th, reaffirms the principles set forth in the People's Party National platform adopted at St. Louis in 1892, and instructs the delegates to the National Convention at Sioux Falls May 9th to vote for the nomination of William J. Bryan for President.

We commend the present State Administration for its high personal and official integrity, and challenge a comparison of its record with any and all of its predecessors.

We condemn the Democratic Legislature of 1898 for its extravagant expenditures of public money amounting to \$1,894,765.76 in 1898, as opposed to \$1,283,971.11, expended by the preceding Legislature in 1897.

We further condemn said Legislature for the careless, haphazard and careless legislation, including more gross blunders and unconstitutional laws than ever enacted by any former assembly in North Carolina.

We further denounce the machine leaders of the Democratic party for laying their whip on the backs of the Democratic Legislature for forcing them into enacting and submitting a disfranchising constitutional amendment in violation of the solemn pledges of the party.

But by members of the General Assembly and other Democratic candidates for office in 1898, before the people. We denounce them not only for doing this in violation of their pledges, but also for submitting a measure of such a character and of such an effect. That General Assembly being composed of some of the best lawyers of the party, must have had a reasonable doubt, not only as to the constitutionality of the monstrous provision of Section 5, known as the "grandfather clause," but also as to the effect of the great danger of that unconstitutional section falling, leaving the remainder of the amendment inoperative.

Can in this community soon make \$100 taking orders for Christmas presents. Mrs. Walse, our agent in Massachusetts, has sold over \$3,000 worth of the books in a very short time.

Mrs. Sackett, our agent in New York, has sold over \$1,500 worth of the books in a very short time. The book is printed on velvet-finished paper, and beautifully bound in Cardinal Red and gold, and adorned with Golden Roses and Lilies.

Therefore, we propose in lieu of this dangerous amendment, the best compromise that can be made, and as long as the 15th amendment to the Constitution of the United States stands—a solution which deprives no white man in this country of his right of suffrage, to wit: Amend Section 4, Art. 6, of the Constitution of North Carolina by inserting in the second clause of the said section, enumerated therein, the following, viz: All negroes and all persons of negro descent to the third generation.

If the Democratic Legislature which meets in June will offer this safe, constitutional and wholesome amendment to the Constitution of the State, we pledge our hearty support. If they do not, we appeal to the people to rally to the support of the proposed amendment, and to pledge to support such an amendment.

We congratulate the people of North Carolina on the decision of the Supreme Court in the case of Harris vs. Wright (131 N. C. R. 173), declaring that the General Assembly has no power to create a county government for various counties of the State. Acting under this decision, we pledge the People's Party to the maintenance of the system of local self-government in all the white counties, towns and cities in the State as established by the General Assembly of 1898, and at the same time to provide and maintain a legislative system of county government for all the negro counties of the State, so that the white people shall always have full and complete control of county in the State.

We denounce the Democratic Legislature of 1898 for passing an unconstitutional law, every provision of which is carefully and cunningly planned, and designed to deprive the white people of North Carolina of their property and to place the same in the hands of a black and abominable set of men. We denounce, without fear of

successful contribution, that is to say, a party, union, league, or any other organization, that has ever increased the state bonds of any State in the Union.

We pledge ourselves to increase the efficiency of the public school system in North Carolina, and point to the fact that the People's Party has done more for public education in North Carolina than the Democratic party ever did in twice the length of time.

To the Populists of the North Carolina is to be the first great increase in the public school system.

We pledge ourselves to the care of the unfortunate class in North Carolina and to an increase in the assistance of the poor, and in the interest of our sincerity, we point to our past record in this particular, and to the fact that the Democratic party has never had a Legislature in which Populists have had a controlling voice has ever turned a deaf ear to the demand of the unfortunate, or been found by the urgent appeal for additional provision for the poor, recently issued by the Board of Public Charities because of the failure of the Democratic Legislature to take proper provision as to and urgently appeal at the time they were considering their time in enacting political legislation and creating new offices during the session of 1898.

Labor is indispensable to the creation and profitable use of capital. Capital increases the efficiency and value of labor. Whoever attacks either the one, is an enemy of both. That policy is wisest and best, which harmonizes the two on the basis of absolute justice.
